residents continued their speculation today as to whether they might have a "Summer White House" in their own backyard soon. The speculation was based on the fact that President-elect Dwight D. Eisenhower owns a farm just a short distance south of town, less than 80 miles from the White House.

The possibility of the old farm house's being used by the next President arose when the five-star gen-eral was nominated by the Republican Party back in July.

In the three-week span of sport which gets under way on Monday, November 17, a total of \$177,500 will be distributed in the added money events, a sum which attracted a bumper total of

424 nominations. Six of the events closed November 1 with a total of 222 eligibles and the lone test to be renewed. The Bowie Breeders' Stakes had an early closing last December with 202 nominees.

The ranks of the nominating owners reads like "the who's who of turfdom." Such prominent racing establishments as Mrs. Dodge Sloane's Brookmeade Stable, Cornelius V. Whitney, Brandywine Stable of Donald P. Ross, R. J. Kleberg's fabulous King Ranch and the Maine Chance Farm are among the more liberal nominators to the stakes schedule.

Tech accepted the Bowl's invitation last night.

Sugar Bowl General Manager Fred Digby said immediately after the announcement that the contract had been signed. But later, Bowl President Irwin Poche said only a "gentleman's agreement" had

In the State Senate, the lineup for the 1953 session will be 31 Republicans and 19 Democrats. Twenty-six votes are needed to pass a bill but the GOP is short for another session of the twothirds majority of 34 required to

Three Senate incumbents-John R. Meade (R-Philadelphia), Samuel G. Neff (D-Lawrence) and Thomas R. Barrett (D-Allegheny) -lost their seats as did 19 House members, including 11 Republicans and nine Democrats.

Tabulation of the soldier vote is needed to decide finally the fight between Karl D. Guss, Democrat, and George C. Lyter, Republican, in Juniata County. Guss led the civilian vote by 3,262 to 3,253- in this normally Republican county.

The other close contest saw incumbent Republican Thomas H. W. Jones lose by six votes in the civilian returns to John S. Quarry Sr., Democrat, in Montgomery County's Second District.

NEW YORK (A)-The rubber in- a gain of 10 per cent over this dustry expects to sell more tires year. next year - whether times are good or bad, and no matter what President-elect Eisenhower and the new Congress do.

Industry leaders base this prediction on the fact that in 1950 and 1951 the auto industry sold a record number of new cars. And just about next year you'll have to start replacing the original tires

Times ought to be good through most of next year anyway, with nothing but minor setbacks to be expected, according to James J. Newman, vice president of B. F. 1828. Goodrich Company.

The most shocking example of 8.8 per cent, Thomas believes.

Newman extends this even further and predicts that by 1960 replacements will top 60 million tires a year. That means that this year the industry is using 11/4 million tons of rubber, but by 1960 will use 1,600,000 tons.

Both natural and synthetic rub-

"WE FINANCE OUR OWN CARS"

Flatly speaking, here is the smartest way to get into the new season's stride. Jam session is right on key for Fall, '52. Smart color-contrast piping highlights the pert widow's peak, vamp, and sole platform. For good looks and longer wear, there's nothing like California Cobblers customtanned supple leather and rich suede. Your choice of tough, super-flexible soles and heels of leather.
